And What Have You

By BOB CRAIG

This is the big week for the Pipers as they open up the first round of district play against one of the top teams, Colorado City. This is the game that the boys have been working for since the middle of August and it would appear to us that the boys have a good chance of winning this one and going all the way.

While from here on out there are not any easy games, we feel that the Pipers have as good a team as anyone in the area and, barring any really bad breaks or serious injuries, should be able to handle any team that they will face.

They seem to have everything going for them this year as they are blessed with a world of talent both in the line and the backfield, have good speed, are well coached, and most important of all they have the best attitude of any team we have ever seen. They have the desire and pride that it takes to win and they believe in each other knowing that each one is going to do his share.

To us, this is all a tribute to some real fine youngsters and a great sports program that is just beginning to pay off. The value of this program can be seen when you look at the records of the three high school teams: the varsity is 5-0, the B Team is 3-2 having lost to two varsities, and the Freshmen are 3-0.

While at times it looks like the three teams are a little bare because we just do have enough boys to play a three game schedule, this is still better than having more boys on the bench and just playing two games a week. We have never seen many boys learn very much football sitting on the bench.

Last Saturday night when we played Clyde it was not hard to see what happens to a school with a weak program. They had a senior ball club last year and this year did not have any boys that had played very much football.

Naturally every boy would like to be playing on the varsity from the time he enters high school until he graduates. But this just will not work from the standpoint of the program or the boy. Because of this, we feel that the boys on the B Team as well as the boys on the Freshman team deserve just as much praise as do the boys on the varsity for any success the Hamlin teams have this year.

Speaking of the Clyde game last week we were very proud of both the Varsity and the B Team boys as well as the coaching staff. While there was not much question but what the varsity could have made the score just about anything that they had wanted it to be, they went in and did a good job in the first quarter and turned it over to the B Team. The B boys looked real good and while they did not score they outplayed the Clyde boys considerably.

We were proud of the coaches for playing the game this way because it was the best thing that has happened to those kids at Clyde all year. Every team has just mauled them and this is hard on kids, whether they are ours or someone else's. This more nearly represents what the game is all about than it would have had we just tried to see how many points we could run up. Admittedly, the Pipers might have advanced farther up the ratings with a big score but this does not mean much in the long run because you have to beat good teams consistently to stay there.

We join all of the fans in wishing the Pipers the best of luck Friday night at Colorado City.

We have received a news story from Charlie Morris, general chairman of the Cattlemen's Round-Up for Crippled Children, expressing his appreciation for the efforts of people like Bill Feagan that made the Round-Up the success it was.

"Bill Feagan did a little bit of everything to make our sales the success that they were," Morris said. "He made us a nice donation, drove his own trailer here to bring other donations, and helped us out even more by buying some of the top animals."

It is nice to have people like this as citizens of Hamlin.

Voter Registration Blanks Now Available At BCD Office, County

Voter registration blanks have been placed in the office of the Hamlin Board of Community Development for the convenience of all Hamlin voters.

Mrs. Ned Moore, secretary, will be issuing application blanks for registration.

A. J. French, Jones County Tax Assessor-Collector says, "Those persons over 60 years of age must register, as others, to qualify to vote during the 1968 voting year." Previous to this year, all persons living in Jones County who attained the age of 60 were exempt from obtaining a poll tax or registration. Under a provision of a new law enacted this year, all persons who desire to vote must register.

There is no charge for registration.

The 1968 voting year begins Mar. 1, 1968 and ends Feb. 28, 1969.

The registration period is from Oct. 1, 1967 through Jan. 31, 1968.

Those persons who have not attained the age of 21, but who will do so during the voting year, may register during the regular voter registration period or either at least 30 days prior to an election in which they qualify and offer to vote.

A qualified elector in the County may act as agent and apply for a voter registration certificate for husband, wife, father, mother, son or daughter.

Applications must be filled in completely to be valid, including voting precinct number; and if mailed, be postmarked not later than midnight, Jan. 31, 1968.

A number of voting boxes were consolidated this year and the new box number should be listed.

No. 29 Swenson was consolidated with No. 11, Avoca; No. 22, Wilson, with No. 14, Southeast Anson; No. 24, Compere, with No. 16, Stith; No. 26, Shilo, with No. 6, Noodle; No. 21, Golan, with No. 6, Noodle; No. 12, Truby, with No. 15 S. W. Anson.

Boxes as they now stand and their numbers are as follows: 1. NW Anson; 2. Nugent; 3. Round Mound (E. Lake box); 5. Hodges; 6. Noodle; 7. Sinclair; 8. Neinda; 9. Tuxedo; 10. W. Stamford; 11. Avoca; 13. NE Anson; 14. SE Anson; 15. SW Anson; 16. Stith; 17. Lueders; 18. Hawley; 19. E. Hamlin; 25. E. Stamford; 27. Centerline (W. Lake box); and 30. W. Hamlin.

Douglas LeCroy Named Minister Of Local Church of Christ

Mr. Douglas LeCroy, 34, a native of Brundidge, Ala., has been named minister of the Hamlin Church of Christ. He and his wife and three children moved here from Goldthwaite. Before going to the church at Goldthwaite, the couple had served for more than three years as missionaries in the Philippines.

Mr. LeCroy was graduated magna cum laude from Abilene Christian College in 1960. He is now doing post graduate work there on a one-day-a-week program.

He was in the Air Force before entering college and served two years in Guam during his tour of duty.

Mrs. LeCroy is the former Wynell Henry of Fort Worth. They were married Dec. 19, 1959. She received a degree in

speech therapy from ACC in 1960.

Following graduation the couple went to Stephenville where he was the preacher at Huckabee Church of Christ and she was a speech correctionist in Stephenville Public Schools.

From Stephenville they moved to Jacksboro and after one year there the church sponsored them as missionaries to the Philippines. He taught in the Philippine Bible College and during their last year there he directed the school.

The LeCroys returned to the United States in October, 1965, and moved to Goldthwaite.

The couple and their children, Karen, 5, David, 3 and Karla 3 months live at 451 Northwest Avenue F.

NEW MINISTER AND FAMILY — Mr. and Mrs. Douglas LeCroy, Karen, 5, David, 3, and Karla, three months, recently moved here from Goldthwaite.

Mr. LeCroy is the new minister of the Hamlin Church of Christ. Both are graduates of Abilene Christian College. They live at 451 Northwest Avenue F.

Pipers Open 5-AA Action At C-City

With five decisive victories behind them, the Pied Pipers start walking the tight rope to district honors this week by invading the Wolves' den at Colorado City Friday night. This 8 o'clock game will be the first District 5-AA action for both teams.

Football tickets for the game Friday night are on sale at all three drug stores downtown. All adult seats are reserved and student tickets may be purchased at the gate.

Head Coach Joe Youngblood told the Booster Club Monday night that Colorado City has a real fine ball club and that although they have lost their last two games it was to top ranked Brady and Ballinger.

"But," he was quick to add, "they are beatable and if we play at our best and do not get any bad breaks we feel that we can win."

Youngblood also told the Boosters that we came out of the Clyde game in good shape and should have everyone ready for this one.

While the Pipers and the Wolves are tangling in C-City Friday night, the Stamford Bulldogs and the Anson Tigers will be going against each other and the Haskell Indians will be putting their unbeaten record on the line against the Winters Blizzards to round out the conference action.

The Pipers will be looking at one of the better backs in the District Friday night when they will be trying to stop the running of Dan Steakley, 165-pound C-City half-back. Scouting reports indicate that he is one of the best backs we have faced this year and has good size and speed. The Wolves will be led by Quarterback Randy Parker

who is a 180-pounder and stands 6' 4".

The Piper defense will be challenged by a Colorado City offense that they have not seen before as the Wolves will be running from an unbalanced line with the backs set either to the strong or the weak side. They have been running several variations off of this attack.

The probable starters for the Wolves indicate that they will be fielding a team with good size as they will have Kenny Key, 160, and Kerry Campbell, 170, at ends; Sam Parham, 180, and Leslie Ellis, 205, at tackles; Johnny Matthews, 195, and Glenn Hunter, 150, at guards; and Jerel Graves, 202, at center.

Steakley and Parker will be joined in the backfield by fullback Ralph Lindsey, 168, and halfback Benny Lamb, 150.

B TEAM TO ABILENE

Thursday night the freshmen will be putting their perfect record on the line as they travel to Haskell for a 6 o'clock game. Joined by some of the B team last week they defeated the Anson Freshmen joined by some of their B team, 14-6. Shelton Marshall scored both TD's for the freshmen and Bobby McKisack added the two points.

The B Team will travel to Abilene Saturday afternoon to play the Cooper B Team at 4 o'clock at Fairpark stadium.

Next Tuesday night the Eighth grade will travel to Anson for their second game with the Anson Eighth graders.

Profits from the drive will be used by the P-TA for local projects.

Assisting Mrs. Young will be other members of the finance committee, Mrs. Eddie Offield, Mrs. Joe E. Ford and Mrs. Don J. Allen.

The school is using the Quality Magazine Plan, the same used last year. The drive will be concluded Oct. 23.

Church of Christ Sets Area Wide Meeting Here Tue.

An area wide meeting of Church of Christ Churches will be held here Tuesday evening, Oct. 17 in the Hamlin Church of Christ.

Purpose of the meeting, according to the minister, Mr. Douglas LeCroy, is to bring together persons interested in the Herald of Truth radio and television programs. The international and national programs are sponsored by the Fifth and Highland Church of Christ in Abilene and supported by other Churches of Christ.

Members of some forty churches have been invited to attend the 7:30 p.m. meeting. E. R. Harper of Abilene will present a film and other pertinent facts about the series. A period of fellowship will follow.

The choir presented a complete concert and told of their mission trip to Edinburg last July.

THIRD TRUCKLOAD FROM AREA — The third truckload of clothing, bedding and household items gathered by Baptist Churches in this area to be sent to South Texas to aid those hit by flooding and hurricane damage is shown just before the load was covered. In the top picture the boxes extend above the top of the 35-foot trailer in the front. The bottom picture was taken from the cab of the truck and shows the boxes stacked to the top of the boards. It was estimated that the load would weigh some 25,000 pounds. The truck, owned by Leroy Pritchard, was driven to Harlingen Wednesday by Tommy Vann. Texas Baptists have a distribution station set up at Harlingen. The two other truckloads were made up of contributions in Anson, Stamford, Haskell, Aspermont. Some goods from Aspermont and some from Rotan helped to fill the truck here.

All's well that ends well could be said by McCaulley Eagles after the Homecoming Saturday.

The activities started with a parade Saturday morning at 10:30. Class meetings were held in the afternoon followed by the barbecue at 6 and bon fire at 7:30.

At 8 the Eagles turned mean, desperate, and greedy as they flew out on the field spreading their wings to bring victory over the Benjamin Mustangs, 20-18.

During halftime, Ricky Jeffrey and Bobby Smith were crowned football heroes and Charlotte Griffin was crowned sweetheart.

A party sponsored by Mr. and Mrs. Mike Galloway of McCaulley was held after the game.

The fifth and sixth graders are taking an imaginary travel trip through the eight South Atlantic States and now the sixth grade is on a trip across the Atlantic and will arrive for a tour of Germany. Mrs. O. F. Hill is the teacher.

Debbie McCright was elected president of the FFA McCaulley Chapter at a meeting last week. Other officers are Charlotte Griffin, vice president; Lana Acklin, treasurer; Shirley Phelps, parliamentarian; and Sue Smith, historian.

The guest members were entertained with group singing led by Shirley Phelps and Connie Dowell. Refreshments were served to the mothers.

She told of the different cultures that Texans have inherited and gave a brief history of the small town of Thurber.

The third grade students, under the direction of Mrs. Willard Maberry, sang western songs.

Mrs. Charles Absher's third grade room won room count.

Prizes were presented to winners of the membership drive according to rooms.

Mrs. Francis Schneeweis, president, presided.

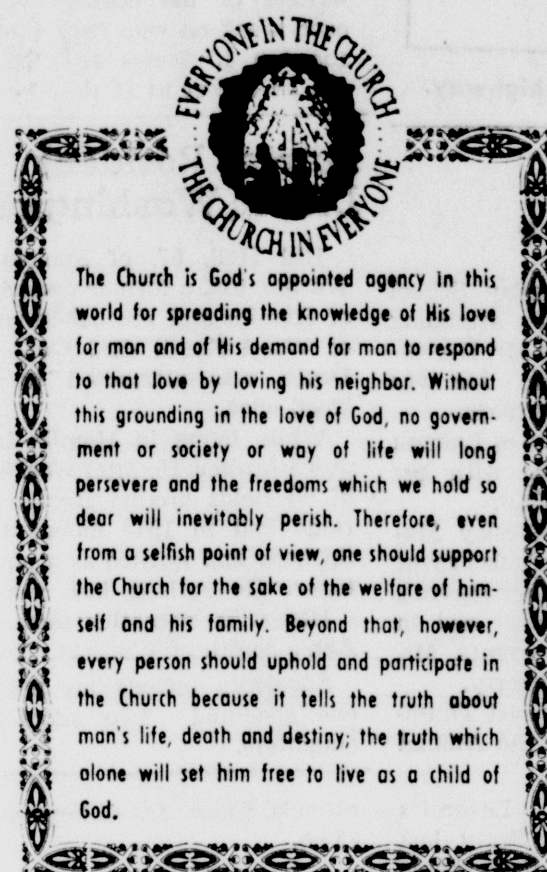

The next meeting will be Nov. 2, at 4 p.m. in the cafeteria.

HIS TROUBLES WON'T GET HIM DOWN

Forgetting his incapacitation, he is happily determined to plan ahead. His spirit is not easily crushed. Life is always full of hope and excitement. The Lord and this young man's Christian friends have taught him to have such an outlook on life.

"But the fruit of the spirit is love, joy, peace, long-suffering, gentleness, goodness, faith," Galatians 5:22.

We invite you to attend the church of your choice regularly to worship, to be uplifted, encouraged, and blessed.

Pipers, Joined by B Team, Add Clyde to List of Victims, 21-0

This is the tale of two games, in the first, the Pled Pipers routed the Clyde Bulldogs 21-0 in just over 13 minutes Saturday night and then left the field to let the Piper B team play the second game. The B Team outplayed the Bulldogs everywhere but on the scoreboard as they battled each other for nearly three full quarters with neither team crossing the goal line.

In their "game" the B Team lead in first downs, 12 to 6, in rushing yardage, 194 to 67, and trailed only in passing yardage, 0 to 37.

Tailback Phillip Simpson crossed the goal line all three times for the Pipers on runs of 2, 1 and 5 and was the night's leading ground gainer with 99 yards in 10 carries. He was closely followed in

Guard Jimmy Hastings hit three out of three in the extra point department as he added the points after each score.

Following the Clyde kickoff to open up the game, Simpson carried from his own 34 to the goal line with the last carry over right tackle for five yards. Hastings added the point after again.

Following the kickoff, the B Team took the field for the remainder of the game with the exception of about four plays later in the second period.

After giving up one first down, the B Team held and took over on their 23 following a Bulldog punt. They moved down into Clyde territory only to lose the ball on a fumble at the 40.

In the second half, Clyde fumbled following the kickoff with Hamlin recovering on the Clyde 37. They moved down to the 14 before being set back by a 15-yard penalty and then losing the ball on a pass interception.

Early in the fourth quarter the B Team threatened again as they drove down to the Bulldog 33 before seeing this drive end as they lost the ball on another fumble.

Neither team was able to mount a serious drive for the remainder of the game as Hamlin was hampered by three penalties in one drive mid-way in the final period.

PIPER PATTERN—
Pipers to Open District Play Friday Night At Colorado City

PIPER PATTERN

Now that six weeks tests have been taken, everything at HHS has settled back to a normal pace. If there's such a thing as a normal pace around the campus! With pep rallies, band practices after school, school paper to get out, annual workers always busy, and club meetings to go to, there seems to be no slowing down of activities.

The Pipers brought home another victory Saturday night with a score of 21 to Clyde's 0. Phillip Simpson and Jimmy Hastings scored all of the Big Green's points. All the team showed a great desire to win the game and all those in the future. This week begins district play for the district 5-AA. The Pipers will be leading a caravan of fans to Colorado City Friday night. The Pipers have as good a chance as any of the teams in our district and although we may be prejudiced, we think they have that something extra to win in a district as tough as 5-AA. So, good luck Pipers this Friday.

This year's pep rallies seem to be full of an exceptional amount of spirit. Whether it is the speakers, the pep squad and student body yelling louder, or the band playing with more enthusiasm, it probably all revolves around the football players and their record. Last Friday Rhea Sue Vaughan, Jimmy Hastings, Augustin Barron, and Mrs. Fowler gave pep rally speeches. It seems that Phillip Simpson, captain, told the football boys to wear ties to the pep rally Friday, and that the color of their shirt should symbolize the way they were going to play Saturday against Clyde. So what did Jimmy Hastings show up in — a bright yellow shirt!

Each week the school paper, "from behind THE GREEN DOOR," has a feature page. This page is devoted to students' opinions on certain questions. Questions range from "What methods of studying works best for you?" to "What do you think about going steady?" This week's question was put to the football players, "What does football mean to you?" All the boys' answers were along the same line. "Football strengthens a person physically and mentally, you feel you have a responsibility and you have to do your best to fulfill it, you have to think fast and be on your toes all the time, and you have to cooperate with your teammates and this will help you in your later life," were a few of their answers. So girls, if your boy seems to be "all wrapped-up" in football just think about how much better a person he will be for taking part in this All American sport!

Copies of the school paper have been made available to the townspeople this year and are on sale at the fountains of local drug stores and at the Hamlin Herald. The price is 5c per copy.

Future Homemakers of Hamlin met Monday night in the Library. After Margaret Cooper, president, called the meeting to order, she explained

Hamlin's Miss FHA award. Members voted for the girl of their choice for the months of September and October. Margaret and Pat Perrin, secretary, were selected. Beth Craig then introduced the guest speakers. Mrs. Carl Greenway, Mrs. Floyd Clifton, and Mrs. Bill Keck discussed the "Three Phases of Home making." Refreshments were served following the meeting.

The student Council of Hamlin High met Monday night with nine members present. Mr. Williams served as the adult advisor in the absence of Mr. Wink. Milton Davis presided. Members voted to join the National Association of Student Councils. The council also voted on the council sponsored paper joining the Interscholastic League Press Conference. Other business action taken was the appointing of a committee to make tentative plans for future council activities.

Gil Lain and Mr. Wink left Monday for the National FFA convention in Kansas City. Gil and fourteen other boys were chosen from 50,000 FFA members of Texas. These fifteen boys received the Santa Fe Educational Award.

Clyde failed to move after the kickoff and tried to punt only to have the ball sail over the punter's head with Hastings tackling him back on the Bulldog 14.

Clifton connected with Sammy Ferguson for a ten yard gain to the four and Clyde was penalized back to the two on the next play. Ferguson carried for one and then Simpson went in from the one. Hastings again added the point after.

Clyde returned the kickoff out to the 23 yard line and gained out to the 36 before they had to punt.

Operating from the Hamlin 20, Simpson picked up gains of 12, 12 and 10 as the Pipers moved down the field. At this point they drew a 15 yard penalty that nullified a good gainer by Ferguson on a reverse and Simpson took off around his right end for 30 yards and another first down at the 35. America the Beautiful...

From the time that Columbus discovered America... men have thought of this country as something special. It was here that Ponce de Leon sought the Fountain of Youth, and men have long admired America's majestic mountains and beautiful valleys. However, the real beauty lies not in the land, but in the people. The people came... seeking a land where they could worship God in freedom, and under God developed a kind and loving spirit. This is what makes America beautiful.

Attend church regularly... help keep America beautiful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

J. Olin Amerson Elected Zone IV Conservation Supervisor

J. Olin Amerson, for many years a conservation farmer in the Hamlin area, is the new supervisor for Zone IV of the California Creek Soil and Water Conservation District.

Amerson was elected at a meeting held at the Hamlin vocational agriculture building last Thursday night. He succeeds D. B. Sauls, who has served for two terms as a member of the District governing body. Amerson will be representing landowners in a 184 square-mile area in northwest Jones and northeast Fisher Counties.

A conservation farmer himself, Amerson has developed a conservation plan on his own place which is located about three miles east of Hamlin. He began his conservation program in 1953, when he entered into a cooperative agreement with the District. Soil Conservation Service technicians then helped him develop and carry out his plan.

Assisting in last Thursday's election were Kirby Clayton, Jones County Agent, T. C. Blankinship, Hamlin Vocational Agriculture teacher, and Gary A. Batte, SCS representative. A conservation movie, "To Conserve Our Heritage," was shown to the group.

You can cook a 3-minute egg faster with gas than with electricity.

Here's why. With a modern gas range there's no slow warm-up period. You turn the burner on and get the desired amount of heat — instantly! Burner with a Brain holds that precise temperature until cooking is done. No waiting. No watching. No wondering with flame fast gas. You can see the flame go to work the instant you turn the burner on.

(Of course, faster cooking means less gas used and more economy for you!) Only modern gas cooking gives you this much control, flexibility and speed. See the wide variety of modern gas ranges at your local gas appliance dealer or LONE STAR GAS.

AUSTIN — Gov. John Connally dropped a political bombshell on the state capitol scene by reportedly telling 45 top supporters in a meeting at the Mansion that he has about made up his mind not to run for re-election.

Word of his unexpected reluctance promptly leaked to newsmen. Connally confirmed that the meeting was held and the possibility of a fourth term was discussed.

"My mind is not finally and irrevocably made up," he stated. "I have a pretty firm idea what I am going to do, but I am not prepared to announce the decision. I may decide within the next few days, but I think it will be longer — two weeks or later."

Backers began deluging the governor's office with telephone calls and some newspapers are sounding editorial appeals for the governor to run "just one more time."

U. S. Sen. Ralph Yarborough's name figures increasingly in the list of prospective gubernatorial candidates following a disagreement between Connally and the senior senator over flood aid.

Lt. Gov. Preston Smith, who already has announced as a candidate for the top spot, continues his campaigning in East Texas where he is conducting a "listening tour."

Atty. Gen. Waggoner Carr has stated repeatedly he might run for governor if Connally does not.

House Speaker Ben Barnes says he will run for lieutenant governor regardless of Connally's ultimate decision.

COURT RACES SPOTLIGHTED — State high court races are assured more than ordinary attention in 1968 primaries by the early announcements of three incumbent judges that they will not seek re-election.

Court of Criminal Appeals Judge Wesley Dice is the latest to reveal plans to step aside at the end of his present term. States Attorney Leon Douglas immediately announced as a candidate for the place.

Earlier announcements were made by State Supreme Court Associate Justices James R. Norvell and Meade F. Griffin that they will retire after next year. Potential candidates to succeed them include Austin District Judge Tom Reavley, Chief Justice James G. Denton of the Amarillo Court of Civil Appeals, Associate Justice Matt Davis of the Texarkana Court of Civil Appeals and Houston District Judge Sears McGee.

NEW INSPECTION ITEMS — Auto inspections, expanded by the new State law, are underway at 5,500 stations and will continue through April 15.

Don't be surprised at the additional items covered by the new \$1.75 fee. They will include:

Required front seat belts

on every car which has anchorages as part of the manufacturer's original equipment.

Checking for "lash" or "play" in steering control. Vehicles will be rejected if steering wheel can be turned more than two inches without front wheel motion. It must be possible to turn the wheels from full right to full left without jamming or binding. Vehicles with power steering must be checked with power on, and if fluid is below recommended level, car will not pass inspection.

Wheels with defective or bent rim flanges or those with loose or missing bolts, nuts or lugs will cause rejection of the vehicle.

AIRPORT AID ALLOTTED — Texas Aeronautics Commission has allocated \$467,260 to 24 towns and a county for airport development.

Funds went to Wharton County (\$24,500) and these communities:

Alpine, \$14,000; Bay City, \$20,000; Canton, \$18,000; Clinton, \$9,760; Dimmitt, \$20,000; Dublin, \$18,000; Ennis, \$27,500; Gilmer, \$18,000; Granbury, \$20,000; Kenady, \$18,000; Knox City, \$20,000; Kerrville, \$20,000; Levelland, \$18,000; Liberty, \$18,000; Littlefield, \$18,000; Livingston, \$20,000; Llano, \$20,000; Madisonville, \$27,500; Paducah, \$14,000; Shamrock, \$18,000; Slaton, \$18,000; Stamford, \$18,000; Weslaco, \$10,000; and Willis Point, \$20,000.

AG RULES — New law, requiring American government and history courses in state institutions of higher education and junior colleges for general academic courses, is not applicable to vocational or technical course certificates given for State Board of Vocational Education-approved courses, says Atty. Gen. Crawford Martin.

In other opinions Martin held that:

State comptroller may refund tax overpayments made under mistake of fact or mistake of law under duress.

Comptroller must refund forfeited discount and deductions and penalties and interest when a taxpayer is able to show returns were mailed on time but postmarked late.

Motor vehicle sales tax applies to all sales of motor vehicles to a dealer where vehicle is extensively utilized for personal or business purposes of the dealer, his family, or employees, including use of vehicle as a demonstrator.

Comptroller's office can use state funds to pay premiums on existing group life insurance policy for its employees. No new group contract is necessary under recent law.

Fees cannot be paid by a county to its own county clerk in condemnation proceedings brought by the county.

DRAFT QUOTA SET — Texas' draft boards have received a quota of 1,159 men for November, reports Col. Morris S. Schwartz, state selective service director.

Figure compares with 977 for October, 1,180 for September, 1,421 for August, 974 for July and 975 for June.

National call totals 22,000, all for the Army.

State draft boards will forward 4,650 men in November for pre-induction examination, compared with 4,000 for October.

SHORT SNORTS — New Texas calendar of events listing 300 fairs, festivals and celebrations for fall, winter and early spring, is available through the State Highway Department and its tourist bureaus.

Petroleum accounts for nearly three-fourths tonnage handled in Texas ports.
